

1. Introduction

Dentist Murat Beyazit has adopted the principle of protecting the privacy of those visiting the website. This Privacy Policy explains what types of information are collected about users visiting the website, how this information is used, and how it is protected.

Additionally, within the framework of the Privacy Policy, it is stated how the accuracy of this information can be verified by the data owner and how this information can be deleted. All necessary actions to ensure that this information is processed and used in accordance with current and valid data protection regulations will be carried out by the Hospital.

This Privacy Policy does not apply to other websites linked from the Hospital site.

2. Collection, Processing, and Use of Personal Information

Personal data of visitors to the Hospital website can only be collected if these individuals voluntarily enter data or give explicit consent. Entering data or providing explicit consent indicates acceptance of the conditions specified below.

When the Hospital website is visited, some information required by system management, statistics, and backup applications will be automatically stored on servers. Among the stored data are the name of the internet service provider of the visitor, in some cases the IP address, the version of the web browser software, the operating system of the computer accessing the site, and the website that directed the visitor to the hospital site. Depending on the situation, such data may allow for some conclusions to be drawn about the site visitor. However, no personal information will be used in this context. All such personal data can only be used in an anonymized manner. If the Hospital directs this data to an external service provider, the necessary technical and organizational measures will be taken to ensure the transfer of data in accordance with existing legal regulations regarding data security.

The Hospital commits to using the processed data within the limits specified in the visitor's explicit consent declaration, and to processing or transferring it accordingly. The transfer of such personal data to third parties will only occur if required by judicial or administrative authorities.

3. Storage, Deletion, and Destruction of Personal Data

The provisions of Dentist Murat Beyazit's Data Storage and Destruction Policy will apply to the storage, deletion, and destruction of personal data. Dentist Murat Beyazit is obliged to keep this information confidential and not to use it for any other purpose under contractual obligations with partners who have access to personal data in order to provide necessary services.

5. Cookies

The provisions of Dentist Murat Beyazit's Cookie Policy will apply to the website.
